CHINESE MINISTER RECEIVED.

Montana Republican, but Governorship in Doubt—Bad Bookkeeping.

Tuesday's Elections.

By Associated Press.
MINNEAPOLIS, Oct. 3.—Late returns make it appear that the Prohibitionists still claim the State by 500. In South Dakota the Prohibitionists carried by 1,000 to 10,000. The State ticket is Republican by at least 20,000. Chairman Hundly, of the Democratic State Committee, admits 12,000.

The Journal's Helena (Montana) special says: The returns from the outside precincts are coming in very slowly. Curtis' (Republican) election to Congress is conceded by the opposition. Both sides still claim the Governorship, and it may require an official count to determine the question, so close is the race between Power and Toole. This county shows remarkable Democratic gains, and claims of mismanagement are heard from many sources. The Legislature still hangs in the balance. If Silver Bow county gives but three Republicans out of eleven the Legislature will be Republican. A majority of the State ticket is Republican, but the big figures have been knocked into splinters. The count is proceeding slowly in the larger precincts, and it will be hours before a definite calculation can be made with safety.

WASHINGTON, Oct. 3.—The President received a private dispatch from Montana this afternoon saying that Carter is elected to Congress, that the Republicans have the Legislature, and the Governorship in doubt.

SIoux FALLS, S. D., Oct. 3.—Sioux Falls concedes the temporary capital to Pierre. Prohibition carries by at least 5,000. The Republican State ticket is elected by 20,000.

HELENA, Mont., Oct. 3.—According to the latest returns the Republicans claim the Legislature, 37 to 34. Power and Toole are neck and neck for Governor.

Our Visitors Entertained.

By Associated Press.
WASHINGTON, Oct. 3.—The delegates to the International American Congress were astir early to prepare for the long trip arranged for them by the Department of State. At a quarter past eight the train started on its long journey. The first stop will be made at Jersey City at 1:45 p. m. Hon. John B. Henderson, President pro tem, missed the train, but will join the delegation at West Point this evening.

Captured on a Trestle.

By Associated Press.
LOS ANGELES, Oct. 2.—Mrs. Rita Gusman, a Mexican woman, was run over to-day by a Santa Fe train while crossing a trestle. Her legs were crushed to a jelly, and she soon died. She was about 30 years old and the mother of several children. She made a statement exonerating the railroad men from blame.

Episcopal Convention.

By Associated Press.
NEW YORK, Oct. 3.—The House of Deputies of the General Episcopal Convention met this morning. The standing committee appointed on the petition presented, asking that Oregon be admitted as a diocese, was referred to the Committee on New Dioceses. The Deputies from Oregon were admitted to the sittings and read a report on their petition. Rev. Davis of Pennsylvania, presented a report on "Liturgical Revision" from the committee on that subject appointed by the General Convention—made a special order for next Thursday. The deputation from the Synod of Canada was received and courteous speeches exchanged. A notice was given of a minority report on liturgical revision. The consideration of the report suggesting alterations and additions to the book of Common Prayer was then taken up. In all seven changes were approved, but the eighth, changing the rubric prefixed to the litany, was rejected.

UNRELENTING BRAVES.

By Associated Press.

They Want Tuscarora Jake to Stretch Hemp.

A council of Shoshone Indian braves was held at Elko last week. Tuscarora Jake, the Indian thug, is in jail for the murder of two members of his tribe. The relatives and friends of Jake offered to give the relatives of the murdered men a certain number of ponies, blankets and money if they would consent to have him set at liberty, and to put up a number of ponies as indemnity for the future good behavior of Jake.

The relatives of the murdered man refused the offer, and said that Jake ought to be hanged, as he not only killed members of his own tribe, but a Chinaman also, for which another and an innocent Indian was sent to State Prison. The head men of the tribe concluded that Jake should be punished as an example and a warning to Indians who are disposed, while drunk, to murder members of their own tribe or others who happen in their way. They think Jake is guilty of a cold-blooded murder and ought to be put to death, so that Indians and whites could see him die. Sarah Winemucca and Naches attended the council.

There are dispatches at the W. U. Telegraph Office for David Davis, William Red, Hank Lafouer and Wm. Swan.

AT THE TRACK.

Another Day of Unprecedented Attendance.

SIX RACES CLOSELY CONTESTED.

A Fine Exhibit of Livestock—The Balloon Ascension.

The attendance at the park today was very much larger than ever before in the history of the Society. As early as 9:30 people began going out and continued a steady stream of humanity until about 2 o'clock. The crowd was entertained before noon by the grandest stock parade ever witnessed in this State and one that more pretentious and much abler States could well take pattern after. The balloon ascension was a feature. Prof. Price went much higher than the day before and his flight to earth was watched with interest by the vast multitude present. The races were unusually interesting. First on the program was Owens' handicap, seven-eighths of a mile for a purse of \$150, and filled with the following entries: G. W. Trahern named Princess first; Theodore Winters named Noretta and Florence A.; L. Stiner entered Rondo, and V. Lyman entered Painkiller.

The first race on the program was a seven-eighths dash between Winters' Noretta and J. Lyman's Painkiller. The crowd evidently thought it was one-sided, for the pool box was not patronized at all. So it proved, Noretta coming in an easy winner in 1:23. The second race, running, one and one-sixteenth miles and repeat, was between G. W. Trahern's Dave Douglas and S. Stiner's Parol. Pools sold at \$20 on Dave Douglas to \$4 for Parol. Douglas took the first heat with all ease, coming in four open lengths ahead; time, 1:50.

The second heat was won by Douglas with all ease. Time, 1:59. The third race was a five-eighths dash between Winters' stable, including Cham Haskell and Florence A., and Huzog and Ede and was the event of the afternoon. Winters' stable sold for \$15 against Dennison's for \$4, with but few takers. It was plain to be seen that the race laid between Haskell and Florence A. Florence A. came in two lengths ahead of all others; time, 1:03.

The next race was a five-eighths dash between Rondo, Johnny Allen, Red Rock and Johnny Gray, and was the only race that attracted any interest in the betting, which was very lively, a good deal of money changing hands. Rondo sold for \$40 against the field \$16. After a good deal of jockeying they got off.

Rondo won the heat. It is hoped the merchants will be liberal to-morrow and let their clerks off if they are members of the Reno Gazette to join the military parade. The military will parade at 10 o'clock to-morrow morning, and the balloon men will make another ascension. The programme for to-morrow's races had not been made up when the Gazette went to press, but the day will most likely be devoted to trotting. The 2:35 class will enter the contest.

A GOOD HOUSE

To Listen to Isabel Morris in "East Lynne." "East Lynne" drew a full house last night to hear Miss Isabel Morris and her company. As Lady Isabel Miss Morris had an opportunity to display her remarkable talent as an emotional artist. Her powerful acting thrilled the audience and left but few dry eyes in the house. John Jack played the part of Archibald, and C. J. Edmonds was excellent as Francis Levison. Mrs. Edmonds took the character of Miss Carlyle and played the part in her best style. Miss Morris was a good Barbara Hare, and Miss Kate Chester fairly sparkled with brilliancy as Joyce. The other characters were Messrs. Temple, DeLano, Page and Bradley. To-night our people will be given a great treat in "The Great Divorce Case." None should fail to be there.

Warning to the Public.

The public is hereby warned against all peddlers and others claiming to represent or to be employed by me, my headquarters are at the Golden Eagle Hotel, where those wishing scientific and honorable treatment will do well to call.

PROFESSOR MELLISH, Scientific and Manufacturing Surgeon.

The Committee at Work.

The committee was hard at work this morning on its awards on the live stock exhibits, and at the parade on Saturday the ribbons will be given each animal. The parade was so fine and the contest so close in very many instances that the committee will have hard work to decide.

5 O'CLOCK EDITION.

A CORRESPONDENT writing from Paris to a Washington paper says: I was told in Mr. Reid's drawing-room in Paris that he will only stay there this winter. I cannot say who told me, but it was the current gossip that he was not satisfied to be away from his paper over a year; that to be Minister during the exposition period quite satisfied his ambition for Government honors.

Mr. Reid, as the public know, is the proprietor and editor of the New York Tribune. It was doubtless gratifying to Mr. Reid to be able to sojourn for a season in Paris as United States Minister, but we cannot imagine that a person of his means and occupying the position which he does in New York, should be willing to remain even in Paris. The San Francisco Call says Mr. Reid controls an influential newspaper in the great commercial city of the Union, where he can do much good. In Paris he will meet politicians, who will, perhaps, begrudge him the office which he holds. There is nothing to be done in Paris which will be of any importance to Mr. Reid or the country. To occupy the position of United States Minister for a brief period may, perhaps, please a personal vanity, but what is there in it any way? Mr. Reid is somebody in New York, but nothing in Paris except among a few Americans. In Europe a man must be a prince or a lord at least, or he is nobody. We do not blame Mr. Reid for deciding that he had better come home.

THE struggle between Chicago and New York for the honor of providing the site for the World's Fair in 1892 goes bravely on, growing fiercer and more furious with each issue of the hydra-headed press of each city. The promises of the two cities are gorgeous—extravagant, and the inducements appalling in their magnitude. New York proposes to dig a hole in the ground deep enough to bury the Eiffel tower out of sight, and now comes Chicago suggesting that the programme of that city includes the sending by each nation on the globe possessing a navy, a representative ship of each class to some suitable rendezvous—let it be Palos, in Spain, from which port Columbus sailed on his first voyage as a conveyer of honor to the three caravels, the Santa Maria, the Pinta, and the Nina, which shall be exact fac-similes of the originals, and in which shall be put the proper persons representing Columbus and his crews, the descendants of the great navigator, if any are to be found, and also relics of his discoveries. The Columbus route is to be sailed over to Guanahani, and thence to the seaport of Chicago, through the Welland canal. This is eminently a Chicago idea, and one worthy of the genius that has given the wild and woolly West a world-wide fame.

This is the fourth day of the Fair, and to say that it has been a success would not be telling half the truth, for it has been more than successful in every department. The Pavilion is an array of all that is beautiful, useful and ornamental, and the display speaks louder than words in showing to the world our possibilities in agricultural pursuits. The exhibit of fruit and vegetables is truly wonderful, and would put to the blush many older States.

The exhibit of live stock at the Park is one in every way worthy of our State; it is the finest exhibit of cattle and horses ever before witnessed.

AND now New York reiterates its intention of building a monument to the memory of Horace Greeley. "Several thousand dollars have been raised," it is said, "but several thousand dollars more must be procured before the erection of the monument can be begun," it is added. That settles it—Horace Greeley will never be honored with a monument in New York. Promises and hopes and expectations don't build anything—it takes money to buy posthumous glory for even such men as Greeley and Grant or even Washington.

THE constitution of the new States of Washington, Montana, North Dakota and South Dakota were largely modeled on that of California. It is noted, however, that the Constitution of Washington submits such questions as prohibition and woman's suffrage to the people. Advanced theorists will probably claim that Washington, the youngest of the sisterhood, has shown a more liberal and progressive spirit than the older communities of the commonwealth but it is not likely that there will be an increase of population on this account. It is a long journey to Washington, and the prohibitionist is too busy plowing the vineyard of Iowa and Kansas to experiment with the corn fields of the Northwest. As for marriageable young women, they are quarantined at every way station on the road.

Tim and Dan O'Keefe Deny Having Had Trouble.

The following card appeared in this morning's *Journal*:

RENO, Nev., October 3, 1889.
EDITOR *JOURNAL*: Dear Sir—The following totally false item was published in the local columns of the *Reno Evening Gazette* in its issue of last evening:

Tim O'Keefe and his brother Dan had a personal quarrel last evening which resulted in the former taking a shot at the latter. The cause of the difficulty was not learned.

There is not a word of truth in the item. No quarrel occurred between us two brothers, whose relations have ever been of the most fraternal character from the date of our birth, and will continue so during our mortal existence.

WATCHES,

JOTTINGS.

People living north of the railroad find S. T. Burtch's grocery a great convenience.

W. T. Craig's grocery trade is daily increasing. By selling for cash he is able to put his goods to the lowest notch.

Those noon lunches of J. J. Beckers are served in regular hotel style, a polite waiter looking after the needs of every patron.

E. C. Leadbetter is not getting rich, but by close attention to business he does a full share of business and gives satisfaction.

C. J. Brooks is still selling both Mathushek and Chickering pianos at manufacturers' prices; also all kinds of stringed musical instruments.

George Becker's daily hot-soup lunches are a great convenience to those who do not have time to walk a half dozen blocks for their midday meals.

All in want of furniture for my room in their houses should not fail to examine E. C. Session's stock and prices, for he is determined not to be undersold.

No case of insomnia or dyspepsia is ever found among the patrons of the Riverside Hotel, the reason being that their food is properly cooked and served.

Parties desiring rooms can be accommodated at Mrs. Needham's lodging house up stairs in the Steel building. Entrance hallway at J. J. Becker's saloon.

Go to C. A. Thurston's News Depot for your note, legal cap and foolscap paper and envelopes of all kinds and sizes. Also writing and copying inks of all shades.

The Arcade Hotel continues to sustain its reputation as the best eating-house on the line of the Central Pacific, and the bar, under the management of that prince of good fellows, Harry Davis, cannot be excelled anywhere.

"Weak and weary" describes the condition of many people debilitated by the warm weather, by disease of overwork. Hood's Sarsaparilla is just the medicine needed to build up and strengthen the body, purify and quicken the sluggish blood, and restore the lost appetite.

A Rare Opportunity. Martin & Drake, the leading importers in the West of pure blood livestock, will have on the Fair grounds a carload of imported stallions, which they intend to enter to compete for prizes, and which will also be offered for sale, to be delivered to purchasers at the close of the Fair. Terms of sale: One year to eighteen months' time on good bankable paper at 8 per cent. interest per annum. This is a grand lot of stallions and those desiring a No. 1 horse should avail themselves of this opportunity.

MARTIN & DRAKE,
Provo City, Utah.

A Scrap of Paper Saves Her Life. It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 160 pounds. For further particulars send stamp to W. H. Cole, druggist, 10 South. Trial bottles of this wonderful cure free at S. J. Hodgkinson's.

Parents should be careful that their children do not contract colds during the fall and early winter months. Such colds weaken the lungs and passages, making the child much more likely to contract other colds during the winter. It is this succession of colds that causes catarrh and bronchitis or paves the way for consumption. Should a cold be contracted lose no time but cure it as quickly as possible. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold in a few days and leave the respiratory organs strong and healthy. For sale by Osburn & Shoemaker.

Euppey. This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee the Electric Bitters, if according to directions and the use persisted in, will bring you good digestion, and cure Dyspepsia, and install instead Euppey. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c and \$1 per bottle by S. J. Hodgkinson, druggist.

The Best There Is. A new typewriter has been invented by the party who invented half of the Remington and all of the Caligraph. It has no ribbon, no wooden bars, but is all steel, prints true and without any blur. It costs an even hundred dollars, and is worth two of any other machine. It prints better, wears longer, is easier to learn and works faster, besides other recommendations. C. A. BRAGG, Agent.

Cheap Attention Not Appreciated. The young women of Calhoun, Ky., have formed an organization. The following is one of the declarations: "We think the young men of this town display unbounded audacity and temerity when they accompany us to places where no cash is necessary, but are conspicuously absent when something takes place which would necessitate going into their pockets."

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, oozes, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson in Cal.

THE STOCK PARADE.

The Finest Exhibition Ever Seen in the State.

String of Graded and Thoroughbred Cattle and Horses a Mile in Length.

Nevada has reason to feel proud of her livestock parade at the Fair. Never before in the history of the State has there been such a showing made. A few years ago nothing but wild Texan steers and little Indian ponies and mustangs roamed the plains, and a thoroughbred Durham, Holstein or Hereford was unknown, but to-day we can produce as fine horses and cattle as can be found in the United States. In proof of this it only necessary to visit the Fair grounds. The parade to-day was even larger and better than on Tuesday. The GAZETTE publishes a revised list of the stock on exhibition.

THE WINTER STABLE. Among the most notable of the horse kind were ten beautiful yearlings, the property of Theo. Winters, and it is doubtful if ever an exhibit was made of so many fine colts from one stable before. Mr. Winters expects great things of them next year at the East. He will keep them on the track here until about the first of January, when they will be taken to Sacramento and wintered out and taken East about the first of May. Among the number is Florence A., a beautiful chestnut filly sired by the famous Joe Hooker and out of Atlanta.

Blizzard, another chestnut filly, sired by Blaze and out of Trade Wind. Chan Haskell, a blood bay stallion, 2 years' old, a full brother of El Rio Rey and a fine colt.

Another was Noretta, by Norfolk, and a full sister to Miss Courtney. Rey Del Rey, a blood bay yearling, sired by Norfolk and out of Marion, and a full brother of El Rio Rey, is among the list of Mr. Winters' fine ones and is a perfect picture. Mr. Winters has been offered \$15,000 for him.

Judge Post is a beautiful chestnut sired by Joe H. Hooker, dam Count Zeika and a full brother of Ed. Corrigan and Don Jose.

San Juan was sired by Norfolk and is a full brother of Alta and Miss Courtney.

Black Bart, a fine young thing and one full of promise, is another of Mr. Winters' string.

MARTIN & DRAKE. Martin & Drake of Provo City, Utah, exhibited a string of seven head of Cleveland Bay, Suffolk Punch, Clydesdale, English and Shetland ponies. The Suffolk Punch class is headed by Prince Jack (1626), a beautiful sorrel horse 16½ hands high, weight 1,950 pounds and four years old.

Curlew is a handsome two-year-old Suffolk Punch filly, weighing 1,550 pounds, 16 hands high and dapple chestnut.

The English class is headed by Winfield King (6152) 909, a fine bay stallion foaled in 1884, 16½ hands high, weight 2,000 pounds.

Rabbledale 1545 (8907) is a coal black shire stallion 16 hands and 1 inch high, weight 1660. This is a very snug little horse and an excellent mover.

Bainbro II (4246) 2832 is a bay Clydesdale stallion 16½ hands high, weight 1800. This horse was a prize-winner at the great American horse show at Chicago in 1887 and is in every way a perfect animal.

The Cleveland Bay stallion "Star of Cleveland" (776) 235 is a particularly fine mover and a true type of the Cleveland Bay stock of horses. He is a dark bay with black points and was foaled in 1884; height 16½ hands, weight 1500 pounds. The Star of Cleveland was exhibited at Halifax, England, in 1886 and awarded second prize at the great American horse show at Chicago, the month after his arrival in this country.

Noble Ned is a beautiful little Shetland 40 inches high, 4 years old and weighs 230 pounds; well broken and gentle and excites much admiration when harnessed up to his little cart.

T. G. Herman of Wadsworth, had Commonwealth, a beautiful Cleveland Bay 4-year-old stallion in line; also Blooming Heather, another famous horse of the Cleveland Bay family.

Mr. Herman also had a graded mare with one of Commemoration's colts by her side, and Belle with still another fine colt. He exhibited a grade Norman mare with a Cleveland Bay colt that shows a fine cross. He showed a very small bay mare with her foal that goes to prove the Cleveland Bays to be good foal-getters.

Charles Johnson of Reno showed Kitty, a fine specimen of the horse-kind, and Topey, a yearling.

H. F. Jones of Elko, had a very fine Percheron 5-year-old, sired by Acton. He also had Widespread, a coal-black graded Norman, sired by Almada.

Wm. Conklin of Reno, had his beautiful chestnut, Arthur C., in the procession.

J. C. Ballard of Reno, had Frak B., sired by Bismarck, dam Blackhawk—a very fine animal.

Alf. Hill of Reno, had a 5-year-old that is full of promise.

Mrs. A. E. Roberts of Carson, exhibited Paul, a coal-black 6-year-old pure-bred Percheron.

James Galt of Reno, had Maud, a 4-year-old.

Robert H. Lindsay had on exhibition Nellie Batterman, a gray mare 26 years' old, with her foal.

B. F. Bobo showed his Plumas mare Nellie.

a 4-year-old Cleveland Bay. Hanson Johnson exhibited Prospect, a well-bred Hambleton.

W. O. Hardin of Pleasant Valley had a graded Norman three years old. Gardiner & Dalton had a beautiful little standard bred trotter sired by Mambrino Wilkes that promises to be a world beater in the near future.

Geo. Cunningham of Sierra Valley had another standard bred trotter, Trapin, one year old, sired by Del Seer.

T. T. Harris of Elko had several head of Cleveland Bay fillies and mares; Prince Beatrice is one that is particularly fine. Liverton, a 4-year-old Cleveland Bay, is another of Mr. Harris' string that is very fine.

Walter Frey of Genoa had a fine specimen of the Norman strain.

Tom Dean showed several head of fine brood mares with their three-year-olds, two-year-olds, yearlings and foals by their side that it would be hard to beat in any country on earth.

THE CATTLE SHOW. Among the most notable exhibits of cattle was the beautiful herd of ten head of Durhams, the property of Jos. Marzen of Lovelock. The herd was headed by his prize-winning bull, Duke, as fine a specimen of the bovine race as ever made a track, followed by a herd of thoroughbred Durham cows, and all prize-winners. He also exhibited a very fine bull calf of the Hereford family.

Following Mr. Marzen came a big red bull of the Durham family, the property of Moses Chase of Clover Valley, Plumas county.

Seymour Bryant showed two Durham cows and a yearling bull that excited much comment.

Richard Bagley had an 18-month-old Durham bull in line, followed by two cows and calves, that were very fine.

Newt Evans of Reno showed eight head of grade Durhams.

Orville Sessions exhibited a full-blooded cow and calf from the Holstein family, and two grade Durham cows.

S. P. Davis of Carson had his fine Holstein bull Saratoga in line, followed by a beautiful little two-year-old heifer (Corsette), a prize winner at the Fair last year. He also had several others, including Major Ormsby, a fine bull.

Steve Bacon of the Truckee meadows showed a fine grade Holstein bull, eighteen months old.

Governor Stevenson had four head of Jersey cows and three bulls in line that were fine specimens of that distinguished family of milkers.

Mr. Sibbald of Golconda had a herd of six Scotch Highlanders that are said to be very hardy, living on bark and horsehoes, or anything else during rough weather. Their hair is very long, and they run to horns to quite an extent, but are said to be very good beef producers. They were certainly a curiosity, and attracted much attention.

ACCIDENTS.

A Little Girl Run Over, and a Four-in-hand Make It Lively.

Last evening as C. J. Brookins was returning from the track and got opposite the Palace Hotel, a lady and little girl were on the crossing, when the front wheel of Mr. Brookins' buggy struck the latter and she fell on the inside of the wheel under the horses' feet, but luckily escaped without serious injury.

A few minutes after the above occurrence young Chapman was driving a four-horse passenger wagon at a rapid gait down Commercial Row, and when just below the Palace one of the horses got straddle of a trace and started at a much faster rate of speed, when the driver lost control of his team and they turned into Lake street, and the leaders, soon freeing themselves from the wagon, continued in their mad career down into Second street, where they collided with another wagon, and one of the horses cut his throat and soon bled to death, and the other horse soon turned up his heels and went to the horse heaven.

The other horses and wagon came in contact with a telegraph pole, which brought them to a halt without doing further damage. If runners for the Fair would not allow their zeal to get the better of their judgment they would make just as much money, and it would be more safe for the passengers they haul, and pedestrians. While the streets are crowded with people and vehicles, it would stand everybody in hand to exercise more care.

Buying Cattle.

The Modoc Independent says: From J. A. Wanzler of Centerville we learn that Ostrom Brothers of Bolea Meadows are buying up quite a lot of beef cattle. They have bought about 150 head in Goose Lake valley and are now in Hot Spring valley, having bought Russell Ralston's cattle and a few other small lots in the last mentioned valley. They are paying \$17 and \$18 for two-year-olds.

Fixed for Contempt.

In the District Court at Eureka, J. L. Wines, of the law firm of Baker & Wines, charged with contempt in not obeying a subpoena as a witness for the prosecution in the Ladd case, was fixed \$75. The Sentinel says: The gentleman should have been fined the full extent of the law.
